Cake Care Instructions

Please read the following to ensure the cake is ready on the wedding day in perfect condition and there is no damage to the outside covering and decorations.

- Carry cake container in boot of motor vehicle or on the floor of car, making sure there can be no movement. Keep out of sunlight.
- On hot days, the container should be protected from the heat by an insulated cover.
- Do not refrigerate [or freeze?] the cake under any circumstances.
- Remove any icing decorations before cutting.
- Do you wish to keep the top tier? YES / NO
- Cake cutting instructions are attached.
- Damaged cake may be returned for repairs, however, we do require early notice and there may be a charge for this extra service.
- On cutting the cake, if there appears to be a content quality problem, you are to notify *Kakes by Karen* immediately on ☎ 0417 934610.

I have read and fully understood the above instructions and having inspected the cake accept deliver of the packed cake on behalf of the bride.
